The committee started the meeting by going over 4-H Record Book concerns and proposed updates.

4-H Participation Summary, club organizational leader should sign the form and if they are related to the youth than a different leader needs to sign the form.

Activity record, all forms should be done, and youth are to have all pages in their record book. No missing pages. Also, we will try to add an example for the Regional and state form for camp. This may say 4-H Camp (space camp).

Project Record, questions 4 and 5 will be one now. Ellen with work on the wording for this new question.

Dairy Lifetime Record will be optional, and no points will be given if the forms are in the record book.

Project Record Evaluation Form, we will keep the rule about not having certificates in the record book.

A new 4-H Record Financial form for projects will be added this year. We will be taking out the old form and making it easier. Ellen will look over this is form.

Outstanding Record Evaluation, we will work on making information a little bit easier to understand. By bolding some of the wording and taking out some information that we don't need. Also, will be adding a checklist to the guide sheet.

Review Process- we need to see how to get more people at the readings. We will try to have food at the readings and water at the events. Also, no half points, so no 4.5 points. All the points need to be a whole number. We also asked Ellen to have comment lists at the readings. We also want to make sure that we get any information in the alphorn and on Facebook, asap. We want to make sure that information is out there for everyone.

4-H Recognition Ceremony will be at the Green County Fair on Sunday, July 22 at 10am. We will try to have a good background this year and will see if Renee will do the photos.

Nominations for Friend/Volunteer awards will be due by June 1. The committee will pick these people at a meeting later in June.

The committee will be asking for \$1,300 this year. Last year the committee had \$1,100 and went over budget by \$107. Briget Nusbaum made the motion and Sharon Blohowiak second it. Motion was passed.
