Employee Trust & Engagement through a Culture of Safety

Friday, February 18 from 11am-noon

Submitted by Jackie McCarville, Extension Green County Ag Educator

Unfortunately, your employees may be viewing safety on the farm as an afterthought or even as an obstacle to getting work done. By creating a culture of safety, change happens through care and compassion versus reprimands and consequences. Farm managers lead by example and workers view safety as a priority. Extension Specialists Jim Versweyveld and John Shutske will discuss how to help your workers feel comfortable advocating for safety, recognize good and bad safety practices, and challenge each other to work safely every day.

Ins and Outs of Cocktail Forage Mixes for Dairy Rations

Tuesday, March 1 from 1-2:30pm

Cocktail forage mixes have been increasingly used in dairy cattle rations, however little field or feeding research is available for these mixes. These mixes can often either be a boom or a bust depending on growing conditions and management. This talk will discuss how these mixes may fit into a forage rotation, useful tips for management, and recent field, feeding, and fermentation research being done in Wisconsin.

Cultivating your Farm's Future 2.0 A Workbook for

Farm Succession in WI

Friday, March 4 from 11am-noon
