Dairy Youth Auction Scholarships

We would like to congratulate Natalie Roe and Alyssa Holcomb for being selected to receive the 2021 Dairy Youth Auction Scholarship.

Alyssa is the daughter of Steve and Jackie Holcomb and recently graduated from Monticello High School. She will be attending UW-Platteville in the fall and will be pursuing a degree in Soil and Crop Science.

Natalie is the daughter of Dan and Sally Roe and also recently graduated from Monticello High School. She will be attending UW-Madison in the fall and will be pursuing a degree in Dairy Science.

Take the Stress out of Heat Stress

Hot weather can bring a long list of problems for dairy producers. When cows are heat stressed, they eat less, produce less milk, have reduced immune function and higher SCC, and show reduced fertility. A spike in lameness often follows the hot season. In severe heat waves, cows can even die. In addition to the economic burden, the discomfort from heat stress also reduces animal welfare. University of Wisconsin-Madison Division of Extension educators have created a series of factsheets to help producers deal with heat stress. The link to these factsheets is: <https://dairy.extension.wisc.edu/article-program/heat-stress/> This is also a great resource for other dairy programming information.

NEW! DHIA Office Manager

Cheyanna Bercherer has taken over the role as office manager for the Green County DHI Office. She has been a field technician since Feb 2015 starting in Rock County, and transferring to Green County when they merged. She grew up showing various animals, including Dairy, in 4-H and FFA in both Green/Rock Counties. Growing up on a family farm, she continued her love of cows when she became a DHIA Field Technician. Cheyanna is excited for the manager opportunity for Green County DHIA!
