Reproduction Roadshow

Written by: Jackie McCarville, Regional Extension Dairy Educator

To help Wisconsin Dairy Farmers get the most current and up-to-date research information, the UW-Madison Division of Extension Dairy program has developed the "Reproduction Roadshow." This roadshow is an update on UW-Madison dairy reproduction research, covering heifer reproduction, sexed semen, the high fertility cycle, and more. The roadshow features Dr. Paul Fricke, Professor and Extension Specialist in Dairy Cattle Reproduction, and Dr. JP Martins, DVM, Ph.D. from the Department of Medical Sciences – School of Veterinary Medicine UW-Madison.

We want to thank Parnell for sponsoring the Reproductive Roadshow making this event free.

Join this event on February 19th at the Lafayette County Multipurpose Building. Registration starts at 10am with the program beginning at 10:30am. Program will end around 2pm.

To register please visit: <https://go.wisc.edu/repro>

Nutrition Survey

The UW Extension Dairy Nutrition group is conducting two surveys this winter. The first is a nutrition/TMR survey aiming to gain a better understanding of what the most common feeding practices of Wisconsin high producing Holstein herds are. The second survey focuses on robotic milking herds' nutritional management, which is open to all breeds of cows.

The outcomes of this project will be used for Extension as well as educational purposes. Results of these surveys will not include information on individual herds.

To complete the surveys please visit:
