### Farm Succession Workshops

Submitted by: *Jackie McCarville, Regional Extension Dairy Educator*

Thinking about Farm Succession?

You know you should make plans for the future of the farm, but maybe you're not sure where to start? Or maybe you've had a few conversations with your family or farming partners, but that conversation drifts to other more pressing matters about the operation.

If you've been thinking about farm succession and want to learn more about the steps and the basic vocabulary of succession and estate planning, UW-Madison Division of Extension has a 3-hour farm succession planning program to help you learn more. Joy Kirkpatrick and Kelly Wilfert, both Extension Farm Management Outreach Specialists, will provide a framework to help farms identify risk and begin those first conversations around succession planning.

These workshops are free but registrations are appreciated. To register visit: <https://bit.ly/SuccessionSpring2024> or call 608-930-9850

Our local location will be hosted on:

Thursday, March 21, 2024, 9:00 am – Noon in Dodgeville at the Iowa County Law Enforcement Center, 109 E. Leffler Street, Dodgeville, WI

### DMC Program Update

Submitted by: *Jackie McCarville, Regional Extension Dairy Educator*

UW-Madison Division of Extension will be hosting a virtual meeting featuring Leonard Polzin, Extension Dairy Markets and Policy Outreach Specialist. Polzin will cover what a producer needs to know for the 2024 DMC sign-up. He will walk-through changes to the DMC program that could affect current and previous years' coverage from the program. Polzin will discuss the DMC decision tool that was developed to help producers decide on the level of coverage necessary, with a variety of conditions, to help determine the strongest financial safety net for their farm.

The program will be held on Friday, March 22<sup>nd</sup> at 11:00 am online utilizing the Zoom platform. Please visit <https://go.wisc.edu/495058> to register for the meeting. If you need assistance registering, please call Jackie McCarville, Regional Dairy Educator, at 608-576-0147.

## **DID YOU KNOW GREEN COUNTY DHIA OFFERS MORE THAN JUST MILK TESTING?**

Milk Testing provides the benefits that include milk weights, somatic cell count, butterfat, and protein. Green County DHIA also has the capability to pregnancy check (milk and blood serum); test for Johnes (milk sample); and do A1/A2 testing, BVD, Leukosis, and MUN (milk samples). Mastitis samples can test for 4 or 16 pathogens along with pooled samples. Diagnostics can easily be tested with milk samples pulled on test day.

Description	Price	Sample Type
