

## 4-H Rabbit Committee Meeting

Sunday November 23, 2025

### Agenda:

Recap on last Meeting -

We still need to find dates to record our workshop videos. We've decided on doing 2-3 different videos for each age group.

We also need to discuss where we should record the videos because we would need to include rabbits in our videos.

We've decided on our first workshop being about the different rabbit breeds so that new families can find out about the rabbit world and hopefully help them find the right fit for them. We also need a date and time for this as well. We've decided that Elena, Peter, and Grace will be taking the lead on this workshop.

New Business -

- Finding Dates and Times for our Video recordings. These are suggested dates below that work for me. November 26th, November 28th, December 1st, December 8th, December 19th, & December 22nd. Please discuss these days and figure out what times work for you. Come up with multiple!!!
- Discuss Time for the in-person breed workshop. What month? What day? What time? Please continue to come up with ideas on what we can do for the workshop! I have made an informal slideshow about the rabbit breeds and classes our green county fair offers. This has been shared to everyone. Please take time to take a look at it and see if I have any misinformation. Thanks all!
- Any Further Ideas/Feedback to Benefit the Committee

(Marci) shared Elena's rabbit breed powerpoint, Elena will share on youth rabbit group chat

Elena requests input from other members on certain breeds for the powerpoint

(Marci) Is this good information, good overview or powerpoint outline to guide the in person rabbit breed workshop?

February is the chosen month, on a weekend.

(Alexys) has sports in AM on weekends

Most 4-H club meetings happen on the 2nd and 3rd weekends of the month, varying times Saturday and Sunday

(All) February 8th has potential

(Grace) likes Feb. 21 or 22

(Marci) Where can we hold this February workshop, with heat and allow rabbits?

Undecided, will readdress

(Marci) **Any new ideas featuring rabbits, games, activities, or workshop components?**

(Heather and Joclyn) Have a rabbit picture station in front of the winner wall board in the rabbit barn. A small table decorated with the fair Mardi Gras theme for rabbits to be positioned on for picturing.

(All in favor) with small discussion
