### Cost of Raising Heifers

Raising dairy calves and replacement heifers is a major expense for Wisconsin dairies; tracking these costs and benchmarking against peers supports better management decisions. Periodically, Wisconsin Extension Educators have collected farm level data to track these costs. Extension is currently seeking this information and needs your help.

Information gathered includes average costs for the last complete month related to:

- Feed (milk, starter, forages, supplements)
- Bedding
- Veterinary and breeding services
- Labor
- Housing
- Equipment
- Utilities
- Custom raising charges

Please reach out to Jackie at 608-576-0147 or [jackie.mccarville@wisc.edu](mailto:jackie.mccarville@wisc.edu) to schedule a time to fill out the survey.
