

Green County Grassroots Groundwater Quality Trend Data Program

What Is It?

A program designed for private well owners that helps you test your well water and better understand the results. The program aims to collect overall general groundwater quality trend data from across Green County. Your individual results will only be visible to you and the lab. Cost: \$78.

Why Join?

Cost-effective, convenient way to better understand your local well water quality, and to contribute to the knowledge of groundwater in the area.

Questions?

Contact the Extension Green County Office at 608-328-9440.
